Monday’s Meeting: April 9, 2018

Congresswoman Marcy Kaptur

*Clean Water/Lake Erie*

Congresswoman Marcy Kaptur, who represents Ohio’s Ninth Congressional District, is currently serving her seventeenth term in the U.S. House of Representatives. She is the senior-most woman in the House and the longest-serving woman from Ohio in history. Congresswoman Kaptur ranks among the most senior Members of the 115th Congress.

Congresswoman Kaptur, a native Toledoan, lives in the same modest house where she grew up. She is Polish-American with humble, working class roots. Her family operated a small grocery store and her mother later served on the original organizing committee of a trade union at the Champion Spark Plug factory in Toledo.

After graduating from St. Ursula Academy, she became the first member of her family to attend college, earning a bachelor’s degree in history from the University of Wisconsin (1968) and later a master’s degree in urban planning from the University of Michigan.

After working for 15 years as a city and regional planner, primarily in Toledo and Chicago, she accepted an appointment as a domestic policy advisor to President Jimmy Carter. During his Administration, she helped maneuver 17 housing and neighborhood revitalization bills through Congress.

**UPCOMING PROGRAMS**

- **Wednesday, April 18**—Club Board, 7:30am
- **Thursday, April 19**—Marketing Committee, 7:30am, Scrambler Marie’s, Central Ave
RI President, Ian Riseley challenged every Rotary Club to make a difference by planting a tree for each of its members between the start of the Rotary year on 1 July, 2018 and Earth Day on 22 April 2018. That’s 1.2 million trees worldwide and over 3,500 NW Ohio! Our Club’s tree planting service project will do double-duty by contributing to clean water through restoring wetlands and involve Rotarians, students, friends and family for a fun day and an opportunity for ‘service above self’!

You are invited to join in this water conservation effort tree planting at the Forrest Woods Nature Preserve near Cecil, Ohio, just west of Defiance. This site is regarded as one of the finest remnants of the Great Black Swamp and is truly a treasure. Its position along the Maumee River means that work preserving and restoring it will contribute to making the Maumee healthy again!

**Date:** Saturday, April 21st at 10 a.m.

**Contact:** Melanie Satterfield @ 440-420-6867

- Meet at the Preserve at 10 a.m.—Dress for the weather and working conditions—please bring your own shovel (they have extras too)
- Don’t forget a water bottle
- Parking is limited so please carpool—parking is also available at Bethel United Methodist Church-8019 Road 192, Cecil, OH 45821
- Families welcome!

Our goal is to plant 1,000 trees, all planted by Rotarians from throughout the district, our St. Francis Interact students, friends and family—this will greatly expand the buffer along the Maumee.

The St. Francis Interact Club will join our Club members in this tree planting service project that will surely be a day of fun fellowship, with an impactful effort that ensures the continued health of our waterways and clean water for future generations!

Located just west of Defiance, an easy drive on US 24 or you can hop on the Ohio Turnpike for a highway drive.

If you plan to go, please call Melanie Satterfield with Black Swamp at 440-420-6867.

Fellow Rotarian since 1990, and perfect attendee, David Allen, passed away suddenly on April 2, 2018.

The family will receive guests Friday, April 6, from 2:00 pm - 8:00 p.m. at Newcomer Funeral Home: 4752 Heatherdowns Blvd. A Memorial Service will be held Saturday at 10:30 a.m. at Emmanuel Baptist Church, 4207 Laskey Road, Toledo, OH.

In lieu of flowers, the family requests that donations be made to the Toledo Gospel Rescue Mission.

Curt is a graduate of the University of Toledo and holds a BA in Marketing. He started his career in the Cleaning Chemicals and Janitorial Supplies Industry and has grown his industry knowledge through various national sales and marketing positions with local companies including Tolco and Betco. Curt spent several years traveling and working with national accounts before finally reconnecting with his business partner Dan Carr, and joining Silverback Supply, a locally owned and operated janitorial supply company, four years ago. Tired of traveling and working for others, Curt decided to apply his 25 years of industry experience to the role of General Manager and Partner of Silverback. The company is off and running, thanks also to some of our customers present here today!

Curt and Rita have recently moved back to Toledo after eight years as Michigan residents, and are enjoying having more time to reconnect with friends and associates in the area. They have two outstanding children who are busy managing successful careers in Atlanta and Toledo. Curt’s free time is mainly spent finding home improvement projects to work on, but he also enjoys golfing, fishing, and hiking. Rooting for OSU in the fall also consumes a considerable amount of time as well... GO BUCKS!

His pet peeve: Standing in lines... any line.

Max presently works as an agent for Danberry Realtors, out of the Briarfield office in Maumee. In a past life he owned Reddish Printing, a small screen printing company that operated for nine years before he decided to get married and start a family, the catalyst for a career change. Max has been married since July of 2016 and is the proud father of an eight month old girl. In his spare time he enjoys getting out of the city to do some hiking/backpacking, or finding a table to play cards. His biggest pet peeve is either not using a turn signal or sneezing into your hands.
Matt Bell is a St. Frances graduate who went on to play college baseball. It was then that he tore his rotator cuff and quickly became addicted to Percocet, which then turned in to a heroin addiction. In Toledo, we have 16 federally funded detox beds for an estimated 10,000 opiate addicts. Matt was lucky and was able to get into one of those detox beds through the DART program, which was a program developed by Sheriff Tharp and Ohio Attorney General Mike DeWine. In detox, Matt, along with 3 other friends who are also still sober today, started Team Recovery, an advocacy group for addicts trying to do things differently and make some changes; specifically, to make recovery attractive and fun. They try to change the stigma attached to addiction and make people realize that addicts are not all bad. Their aim is to support the family members who also need healing and support. Matt says there needs to be more funding for detox beds. Federally funded detox beds should not be limited to 16 per facility. Facilities that have more than 16 detox beds should be able to take Medicaid. Prevention, education, and awareness are the key, he said. He also said there needs to be more monitoring of prescribing and over-prescribing medication to patients. Suboxone and Methadone prescriptions to treat opioid dependence are not the solution to the epidemic. Vivitrol is a key resource than can and should be utilized more to combat this epidemic. We need detox and treatment, Matt said, not jail and more opioid replacement programs. This epidemic is killing at least 6 people every day.
