

## Monday's Meeting: May 7, 2018

### David Leopold

#### *Foreign Professionals in the Era of Heightened Immigration Enforcement*

David W. Leopold is Partner and Chair of Ulmer's Immigration Law Group, and past president and general counsel of the American Immigration Lawyers Association (AILA), the premier bar association for immigration lawyers in the U.S. and internationally. David has more than two decades of experience counseling domestic and foreign businesses, health care institutions, law firms, religious institutions, nonprofits, and other entities on an array of issues related to U.S. immigration, visa, and citizenship law.

David serves as a "go-to" analyst of cutting-edge immigration issues for national and international print and online outlets including The New York Times, The Washington Post, The Los Angeles Times, USA Today, Newsweek, Associated Press, Reuters, among others. He regularly handles high profile, politically-charged matters that draw national attention. Similarly, when Congress convenes an immigration-related hearing on Capitol Hill, David is often summoned to the nation's capital.

David Leopold will touch on some of the new challenges that businesses face as they navigate immigration law during the Trump administration.

# Your Toledo Rotary Club Foundation Awards \$2,700 Grant!

The Toledo Rotary Club Foundation recently awarded Prevent Blindness Ohio a grant in the amount of \$2,700. The funds are being used to build their capacity in the Greater Toledo area and increase their number of vision screenings by 20%.

In 2011, The Toledo Rotary Club Foundation granted funds to Prevent Blindness Ohio to purchase an Optec 5000. That vision screening machine is currently being used at the Toledo Family Pharmacy. Prevent Blindness Ohio (PBO) trained the pharmacy's staff to screen the vision of patients, customers, and other members of the communities they serve, to detect vision problems early—when treatment is most effective. The Toledo Family Pharmacy offers free vision screenings in-store and around the community. The Northwest

Ohio Chapter of Prevent Blindness will use the funds granted to them to purchase an additional Optec 5000 vision screening machine that will serve as a mobile unit, and will travel to local health fairs and other community events. The Optec 5000 screens near and distance visual acuity for adults. PBO will provide a demonstration on the use of the machine and training and certification to health care and social service providers, senior care staff, and community groups. The additional machine will allow them to increase the number of vision screeners for the Toledo area by 15 people, which will result in more than 600 additional Toledo area seniors receiving the vision screening each year for a total of 4,051 served. The additional equipment and larger pool of trained and certified vision screeners also will allow the Northwest Ohio PBO

chapter to attend a larger number of health fairs and community events each year. The expanded capacity will provide opportunity for PBO to build a calendar of community vision screenings conducted by volunteers in a proactive rather than reactive manner.

As the year 2030 approaches, and as the Baby Boomer generation ages, Ohioans affected by vision loss will more than double. Additionally, Ohio's children are at risk for vision loss, nearly 500,000 have uncorrected or undetected vision problems that can challenge their ability to learn and succeed at their very best.

The Ohio Affiliate of Prevent Blindness is celebrating 50+ years as Ohio's leading volunteer nonprofit public health organization dedicated to preventing blindness and preserving sight. PBO serves all 88 Ohio counties. They provide direct services to more than 800,000 Ohioans annually, and educate millions of consumers about what they can do to protect and preserve their precious gift of sight. Prevent Blindness is the country's second-oldest national voluntary health organization.

## WELCOME NEW MEMBER:

**Lauren Smith!**

Lauren was born October 8, 1991, in Wayne Michigan. She completed her undergraduate studies at Eastern Michigan University in 2013, and moved to Toledo, Ohio to attend the University of Toledo College of Law shortly thereafter.

While in law school, Lauren was an Executive Editor on Law Review, and her article regarding causation and the Americans with Disabilities Act was published in the law journal's spring 2017 issue. She graduated magna cum laude in May of last year, and passed the Ohio Bar Examination in October. She worked as a Paralegal for Roetzel & Andress for one year before transitioning to an Associate Attorney position last November, and is now part of the Labor and Employment practice group. For fun, Lauren likes to travel. She studied abroad at Oxford in England while in law school, and got to visit Scotland and Paris. She also enjoys collecting shot glasses from each destination she visits. Lauren's pet peeve is people who say, "No offense..." before saying something offensive.

## WELCOME NEW MEMBER:

**Heather Karns!**

Heather S. Karns received her Bachelor of Arts in Psychology from The University of Toledo, a Master of Education in Counseling from Clemson University, and recently obtained her Master of Business Administration through the University of Toledo's EMBA program. She is also a Licensed Professional Counselor. Heather has been with the law school since 2003 and was promoted to Assistant Dean for Career Services and Alumni Affairs in 2008. She has been a contributing member, author, presenter, and officer for the National Association of Law Placement during her tenure. In addition to focusing efforts on career development for law students, Heather assists with the engagement and development efforts of law school alumni and enjoys helping others connect and share their strengths. She is an active member of Gesu Parish and active parent at Maumee Valley Country Day School. Heather, her husband Dan and their three children live in Old Orchard.

# Searching for a Host Family!

## MANUEL MEETS TOLEDO

**Can you help make his experience meaningful?**

Toledo Rotary is seeking a family, or families, to serve as Manuel's hosts during the 2018/19 school year. He will be attending St. Francis High School as a Junior. As an exchange student Manuel would like to expand his knowledge and his circle of friends. He wants to experience different points of view, so living in the United States would help him embrace a broader perspective. In Manuel's words "My best wishes to my future family! I can't wait to meet you and I thank you for letting me be part of your family!" We have 10 days to find Manuel a home! Toledo Rotary can make this happen! Please contact Emily Clement or Kathy Tate at 419-241-7060 or [eclement@toledorotary.org](mailto:eclement@toledorotary.org)

## MEMBER SPOTLIGHT

Past President and fellow Rotarian, Brad Rubini, was featured in an issue of The Rotarian and on the Rotary International website for recognition of his organization, Claire's Day, Inc. Claire's Day, Inc. was created in honor of Claire Lynsey Rubini, who died suddenly July 6, 2000, as a result of a heart condition. Claire's parents, Brad and Julie Rubini, felt compelled to honor their ten-year-old daughter in a special tribute to her love of reading, storytelling, music, encouraging others to read and simply having fun with friends. What began as a one-day free family book festival, has grown into a variety of literary experiences impacting over 15,000 children annually! ## Past Program: April 30, 2018

### PDG John Kurfess, Chris Vogel & Mike Noble **MESA**

Medical Equipment and Supplies Abroad, or MESA, was founded in 1981 by the Rotary clubs of District 6600, with very active participation of the Toledo Rotary leadership Toledo Past President, now deceased, Glenn Dunbar, and Toledo Past President Ben Dansard. As a Rotarian from District 6600, you are automatically a member of MESA. MESA collects and ships equipment and supplies so that people can receive medical treatment that they deserve. They help clubs in other countries with their medical equipment needs. The US has a wealth of useable medical equipment and supplies that are no longer in use here, which can be extremely useful in other countries. Their warehouse in Fostoria has made shipments much easier—with large storage areas, meeting rooms, and a loading dock with a moveable ramp for easier access to loading trucks. MESA gets most of their funding from their annual MESA Bike Tour. The next tour will be held from Thursday, May 31, 2018 through Tuesday, June 5, 2018. The tour last year raised nearly \$45K to date. MESA is encouraging all members to participate in the tour. You can join in the ride for a day, or for the entire time, sponsor a rider, or support the ride at various events being held. There are many ways District 6600 Rotarians can help support MESA. They encourage clubs to hold a meeting at the warehouse, hold a club work day, write a check, or donate equipment and supplies.
