MELISSA GREENE HOPFER,
NUTRIENT SOURCE INVENTORY MAPPING PROGRAM

Collaboration between the Lucas County Board of County Commissioners, the Toledo – Lucas County Sustainability Commission, and the City of Toledo, resulted in the Western Lake Erie Nutrient Source Inventory, an interactive GIS-based map showing both urban and rural nutrient sources in the Western Lake Erie Basin. The map was created through a desktop review of available information on nutrient loading which yielded lessons on how to identify and better understand potential primary contributors of nutrients in the watershed. The potential sources that were assessed included National Pollutant Discharge Elimination System permitted facilities, Concentrated Animal Feeding Operations, row crop agriculture, unsewered areas, and permitted biosolid land application areas. Alongside nutrient contributors, nutrient reduction projects and solutions are also taken into consideration when evaluating nutrient loading. These projects and solutions, which highlight water quality and habitat improvements, are funded by government agencies using programs such as the Great Lakes Restoration Initiative.

UPCOMING PROGRAMS

August 19th
District Governor, Carolyn Huston

August 26th
Diversity & Inclusion, Member Engagement Committee

September 9th
Rotary on the Road, Steve Hyman, Stranahan Theater

September 16th
Ron Matter, Penta - Future of Vocational Career Choices
GRANT SPOTLIGHT
THE VICTORY CENTER
2018-19 1ST CYCLE
$9,800
COMMUNITY SERVICE COMMITTEE

Donor & Customer Software
The Victory Center is very excited to open a new, satellite location in Perrysburg. One critical component for having 2 locations is to have a new database management system that is cloud-based and will allow us to combine our donor and client databases, while being able to access it from either location. This grant will allow us to purchase NewOrg, including all of the customer support and transition cost.

TRCF RECEIVES GRANT
THE JIM VASSAR MEMORIAL GOLF TOURNAMENT
$7,500

Jim Vassar, owner and president of V&A Risk Services, became a Toledo Rotarian in 2005. He was an active member and Paul Harris Fellow. He served on committees, became a committee chair, then continued on to serve on the Board of Directors. Jim was the construction worker in the YMCA skit for ITZA Ball. Jim passed away in 2013. Jim’s company started a golf tournament in Jim’s memory. The Toledo Rotary Club Foundation is one of 3 recipients of a grant from the Jim Vassar Memorial Golf Tournament proceeds.

DAVID WELCH, DIRECTOR OF ENVIRONMENTAL HEALTH TOLEDO LUCAS COUNTY HEALTH DEPARTMENT

Lead, know the danger within. Know your role. Know your responsibility.

Lead poisoning is a serious health threat to our children under the age of 6 years old. This is the time when their bodies are rapidly developing and lead poisoning harms their development, especially the development of the brain and nervous system. Effects of lead poisoning such as lower cognitive skills, hyperactivity, learning disabilities are irreversible and will remain with the child for the rest of their life.

Lead-based paint is the primary source of lead poisoning in our children. Lead paint was banned in 1978, unfortunately those homes built before 1978, over 100,000 homes in the Toledo area still pose a risk for lead poisoning. Approximately 3,400 children in Lucas County have some level of lead poisoning.

Lead poisoning is preventable. Learn how to prevent lead poisoning and if you have a child under 6 years of age in Toledo, have them tested for lead — it’s the law.
Dorothy is Managing Director for Good Grief of Northwest Ohio -- a local nonprofit organization that provides free peer support groups to children and teens (and the adults who care for them) who have had a death impact their lives. Throughout her career, Dorothy has worked with organizations across a wide range of industries, including retail, law, education, and social services, finding her passion in the nonprofit sector.

As the Managing Director for a small nonprofit, Dorothy wears many hats, but no matter which one she’s wearing, her goal is simple – to increase awareness of issues surrounding childhood grief and build support for Good Grief’s mission and program.

Dorothy has lived in Toledo most of her life, and she and her husband Steve currently live in West Toledo with their 10-year-old boxer Diesel. They have two daughters, Lily who is a nurse at Toledo Hospital, and Chloe who is the Event Coordinator for the Marathon Center for Performing Arts in Findlay Ohio.

During her free time, she enjoys music, reading and spending time with her family. Steve and Dorothy are members of St. Andrew’s Episcopal Church. Dorothy is excited to become a rotary member and contribute to this great organization!
